

HOW TO TREAT RIGHT AT HALLOWEEN

1 Make A Plan

93 PERCENT of people celebrating the Halloween season plan to do so with chocolate and candy.

2 Understand Candy Portions

Portion out **TWO OR THREE PIECES** of candy in small bags, each representing **100 CALORIES** or less.

3 Eat Before You Treat

If your family plans to **TRICK-OR-TREAT**, have a **BALANCED DINNER** together **BEFORE** going out.

EMBRACING BALANCE

Most people in the U.S. enjoy chocolate and candy **2-3 TIMES PER WEEK**, averaging about **40 CALORIES** and about **ONE TEASPOON** of added sugar per day.

ALWAYS A TREAT

We're providing more information about what's in our products and bringing more transparency, choice and portion guidance options to consumers seeking to manage their sugar intake - whether that's buying candy for family celebrations at home, picking up a treat to share with friends, or treating yourself on the way out of the store.
